(PRICES SUBJECT TO CHANGE. PRODUCTS SUBJECT TO AVAILABILITY.)

pricing

TRIBUTE TEA is pleased to offer wholesale pricing to qualified customers. (We're also pleased to say that qualification is easy, so please read on.) Our minimum wholesale tea or herb order is just one pound. We know that you don't always need 10 lb of tea (or even more than one tea at a time), so if all you want is just one pound of one tea, we'll be happy to pack and ship it out for you... and give you the full wholesale discount (as illustrated here). (Larger discounts apply to larger orders.) For non-tea items (teaware, incense, etc.) the minimum order is usually five units per item, but this isn't set in stone, so let us know what you're interested in and we'll be happy to work with you to get the best price. (Items available in multiple colors may be mixed, so each piece you order can be a different color.)

samples

This list is just the beginning. After you've had a chance to look through it, please let us know what teas you're interested in and we'll be happy to send you samples with our compliments. Whether you have a restaurant, café, retail store or just like to drink a lot of tea, we look forward to helping you to find the best products to meet your needs.

We do *custom blends and flavors*, too, so please ask if you're looking for something special.

packing

All of our tea and herb products are hand-packed in foil bags and all (except for Puerh) are vacuum-sealed for freshness. For a nominal fee, we are also happy to pre-pack products in 1 oz or ¼ lb vacuum packages (with your own label or ours) for resale to your customers.

We look forward to working with you.
